

### *Death, Resurrection and the Afterlife*

20 July 2018

led by Peter Dawkins

*Haus der Begegnung, Seminarzentrum, Mühlenstrasse 2, 31812 Bad Pyrmont, Germany*

An evening talk in which Peter will share his personal experiences and knowledge of what death is and means, and of the life of the soul after the death of the physical body. The talk will also touch on the evolutionary and initiatory path of the soul, including reincarnation.

The talk will be given in English, with German translation.

This talk stands on its own and anyone is welcome to attend, but it also forms an introduction to the following weekend summer school, entitled '[The Cornerstone of Thanksgiving](#)', during which we shall 'lay' the fourth and last corner-stone of the Externsteine landscape zodiac (the Exterland).
