

### *The Vision of Beauty*

*Ascending in Vision to the Grail Temple on High*

3-4 October 2020

led by Peter & Sarah Dawkins

*Jupiter Artland, Bonnington House, Wilkieston, Edinburgh, Scotland*

Beauty is the Holy Grail of the heart. When raised in love and aspiration to the brow, it becomes the vision of beauty. This beauty is the Grail Temple on high, in which the beauty of all things can be seen and known, near and afar. This weekend is dedicated to this purpose, to help all to achieve this vision, and to know the beauty of life and of our own lives, and of the world we inhabit.

The weekend retreat will take place at Jupiter Artland, the award-winning sculpture park created by Robert and Nicola Wilson within the landscaped grounds of their home, Bonnington House, and will include talks, meditations, good food and the chance to explore Jupiter Artland.
