

*Creating Heaven on Earth*

# Rose Alchemy

Casa Fuzetta, Olhao

8-14 May 2021

# “Through the face is revealed the beauty of the heart”

This Rose Alchemy retreat will be led by Sarah Dawkins of [Zoence Academy](#) and Heather & Gabriella of [Resounding Earth](#) and hosted at [Casa Fuzetta](#) in Olhao, in the eastern Algarve of Portugal.

It is the second such retreat they have hosted and is part of a wider series of events and pilgrimages organised by the owners of Casa Fuzetta exploring the beauty of Portugal.

This retreat will take us to important energetic sites in the Algarve with the intent to effect good change for ourselves and those around us, through joy dance and sound.

# Joy through dance & sound...

# Europa and the Bull

The retreat fits within a wider context of our work with the European Landscape Temple and the classical myth of Europa and the Bull.

Mainland Europe can be seen imaginatively as a 'bull', with the British Isles seated on its neck as 'Europa'. Spain is the 'head of the bull' and Portugal forms the 'face of the bull'. Indeed, Sintra, which is just north of Lisbon, has been known as 'the Nose of Europe' for centuries.

The Algarve, which runs along the south of Portugal, can be seen as the chin of the face/bull.

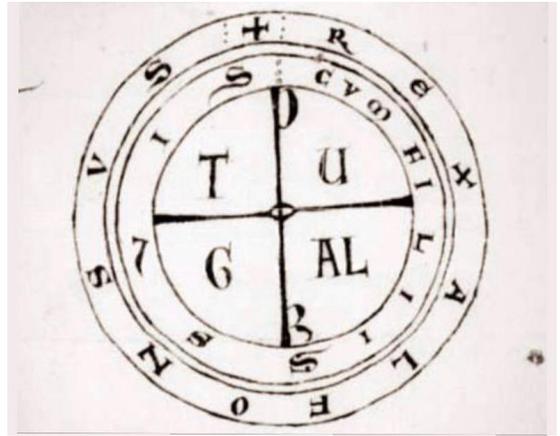

# The Templars knew this...

The Knights Templar started working in Portugal from 1111 AD, seven years before the Templars were officially recognised by the Roman Catholic Church.

St Bernard of Clairvaux established the Knights Templar and Cistercian Monks to represent the Twin Pillars of tradition and sent them to Portugal with the stated intention of creating "*Heaven on Earth*".

An esoteric name of the country, as displayed on the royal seal of Portugal's first king, Afonso Henriques, is *Portugal*, meaning "*Through you the Grail*".

# Tree of life within the landscape of Portugal

We have discovered major landscape temples that build a full 'tree of life' within Portugal.

The three 'foundations'/ root chakras of the pillars are situated along the Algarve coast. We intend to visit each of these foundation points and together work towards activating/reinvigorating these sites.

**Sagres/Cape St Vincent** in the West

**Faro** in the Centre

**Castro Marim** in the East

# The Foundation points of Portugal's tree of life:

Sagres/Cape St Vincent

Faro

Castro Marim

# Sagres/ Cape St Vincent - root of the Golden Pillar

The root point of the right-hand (or Golden Pillar) of the landscape temple of Portugal is the wild and wonderful Sagres promontory which, together with its 'twin', Cape St Vincent, is the most south-westerly point in Europe.

Sagres promontory is famous for being the location of Prince Henry the Navigator's School of Navigation in the early 15<sup>th</sup> century.

# Castro Marim - root of the Silver Pillar

However, before he went to Sagres, Prince Henry was based at Castro Marim, in the east of the Algarve, near the Guadiana River and what is now the border with Spain. Indeed, it was at Castro Marim that he established the headquarters of the "Order of Christ" of which he was appointed Grand Master; while his brother King Duarte was grand master of the "Order of Avis".

The Order of Christ followed a short period after the King of Portugal (Prince Henry and King Duarte's father) was ordered by Papal Bull to arrest the Templars and seize their lands and property (without realising that the King was grand master of the Templars!)

Beyond its interesting Templar history, Castro Marim is famed for its salt flats and its cultivation and export of "flor de sal". Entirely appropriate for the foundation/root point of the Silver Pillar

# Faro - root of the Central Pillar of harmony & bliss

The root point of the Central Pillar of harmony and bliss, and the heart point of the Algarve chakral lemnascape, is Faro - a short, 15 minute journey from our base in Olhao.

At the heart of Faro's walled old town is a medieval cathedral, with a tower we can climb to the top of, with spectacular views across the Ria Formosa. There is cloistered rose garden at its base - a perfect spot in which to enjoy a few moments of sunshine and peace.

# Our base for the retreat: Casa Fuzetta, Olhao

Casa Fuzetta will be our base for the duration of our retreat.

It is a beautiful property, with a very special energy.

It has twelve stunning bedroom suites, each with its own en-suite bathroom, and gold standard organic bathroom amenities from [LA-EVA](#). *Sadly, for this retreat, we will not be able to offer single occupancy options, but have suggested at the end of this document alternative venues if a single room is preferred.*

The house has rooftop pool, dedicated treatment rooms, a meditation sanctuary and beautiful communal spaces that create the perfect setting for us to help transform the energies we will work with into an ethereal fountain of light.

# Our approach to pilgrimage

We will start with a day of “inner” work and follow this with three days of “pilgrimage”. For us, this means honouring the places we visit by greeting, appreciating and enjoying them, their people and each other.

The two principles we follow are to make an effort to love who we are with, wherever we are and whatever we are doing; and to do the right thing in the right place at the right time with the right intention.

By doing so and working as a group within the “face of the bull of Europe”, we aim metaphorically to help Europe breathe its physical breath in harmony with the spiritual breath of its alta-major chakra, the British Isles/Europa.

Throughout our time together, Sarah, Gabriella and Heather will lead special events and sounding.

# More detailed itinerary

**Saturday 8th May** – Arrive at Casa Fuzetta mid afternoon/early evening; welcome meeting followed by champagne on the roof terrace and dinner.

**Sunday 9th May** – Yoga on the roof terrace (optional) followed by breakfast at the house. After a morning meeting and attunement, we will have lunch at Casa Fuzetta. There will be further teaching and preparation in the early afternoon, followed by some time to explore Olhao, sunbathe and swim in the rooftop pool at Casa Fuzetta. We will have dinner at Casa Fuzetta, followed by singing in the meditation room (for those that would like to).

**Monday 10th May** – Sarah will lead Paneurhythmy on the roof-terrace before breakfast, for those that wish. After breakfast at Casa Fuzetta, we will take a coach to Castro Marim where some of us will visit the 12<sup>th</sup> century ‘Templar’ castle. Others will visit Spa Salina, an outside salt pool spa, and enjoy the ‘floatation’ experience. We will then all go for lunch together at the Praia Verde restaurant, high up on sand cliffs with panoramic views of the Atlantic Ocean. On our return home, we will visit our friend Anna Henriques’ retreat property (‘the golden web’). Dinner will be at Casa Fuzetta, followed by some gentle circle dancing on the roof terrace.

**Tuesday 11th May** – After dancing and breakfast, we will take a boat trip across the Ria Formosa out to the Ocean (hopefully see dolphins) and then on to Faro. After lunch together, we will visit the cathedral and later return to Casa Fuzetta for sharing and dinner, followed by sound weaving led by Gabriella and Heather.

# More detailed itinerary - continued

**Wednesday 12th May** – After dancing and breakfast, we will set off by air-conditioned coach to Sagres Point, the most south-westerly point in Europe (the foundation of the right-hand ‘golden’ pillar). This is where Prince Henry the Navigator worked with his navigation school in the early 15th century. Portugal’s great explorers, including Gil Eames, Bartholomew Dias, Vasco da Gama, Magellan and possibly Columbus spent time here. It is a very special and ancient site. We will visit the church and the huge ‘compass rose’ carved into the rock, believed to be one of the most esoteric symbols in Portugal, and walk out across the sacred promontory. We will have a late lunch at a beach restaurant near Sagres and spend time together on the beach. We will go to another beach restaurant for an early dinner and then take the coach to Cape St Vincent where we will attune and watch the sun go down whilst looking west towards the Americas, and after return to Casa Fuzetta, arriving probably about 10.30pm.

**Thursday 13th May** – After dancing and breakfast, we will have a morning session together at the house. We will then take boat taxis to Deserta Island and have lunch at Estamine restaurant, spending the afternoon on the beach. We will return to Casa Fuzetta for a meeting to share, reflect and thank , and celebrate our last night together with dinner and a ‘loving cup’ ritual.

**Friday 14th May** – After breakfast, the retreat/pilgrimage ends.
