Pilgrimage to Santiago de Compostela

'Seven Crowning Stars'

Tuesday 18th May 2021 – Wednesday 25th May 2021

Led by Peter and Sarah Dawkins, Jonathan Tod and Tara Donovan

The purpose of this pilgrimage is to explore, learn about, enjoy and enhance a magical landscape temple in Galicia. This is a unique journey to Santiago de Compostela. We will visit many of the places well known to pilgrims on the Camino. However, we will divert from the 'French Way' and go north to the coast and part-encircle Santiago de Compostela, pilgrimaging to the seven stars of the crown chakra of Europe. This pilgrimage relates closely to our earlier pilgrimages in Portugal, as the seven stars include the higher crown chakras of the three Portuguese 'Great Pillars', which are at Ponferrada, Lugo and Santiago de Compostela.

Bilbao – Burgos – Castrojeriz - León – Astorga – El Cruz e Ferro – Ponferrada – Villafranca del Bierzo – Lugo – A Coruna – Muxia – Finisterre – Santiago de Compostela

Europe takes its name from the classical myth of Europa and the Bull, and mainland Europe can indeed be seen imaginatively as a 'bull', with the British Isles seated on its neck as 'Europa'. Spain and Portugal are the 'head of the bull'. Santiago de Compostela focuses the crown chakra of the European 'Bull' landscape temple. 2021 is a 'Holy' or 'Jubilee' year, in which St James' Day falls on a Sunday. This last happened in 2010 and will not occur again until 2027. Holy years are considered to be very powerful and important years to pilgrimage to Santiago de Compostela.

We (Peter and Sarah, Jonathan and Tara) have discovered a sequence of major landscape chakras (centres of energy) which are marked energetically by seven great stars. The journey follows a shape which is similar to the shape of an Egyptian Adze; the tool used in the mummification process by the Ancient Egyptians to ritually and symbolically open the mouth of the pharaoh's ascended soul, so that he can speak the truth or Word of God and thereby help those incarnate on earth.

We have been inspired to make this journey. Prior to our reccie in September 2019, we believed that our journey would follow a traditional 'chakra' landscape temple from root to crown. However, it became clear at the beginning of the reccie that this journey was very different. Seven great 'Stars' wanted to be discovered. Six of them are bright and radiant, and shine from the hearts of great angels over-lighting certain very important and special sites in Galicia, northern Spain. A seventh is more concealed. They are interconnected and communicate with each other for the greater good of mankind.

We are making this journey as a pilgrimage, in the sense of honouring the places by greeting, appreciating and enjoying them, their people and each other. We have two principles which we endeavour as a group to fulfil, which are to make the effort to love who we are with, wherever we are and whatever we are doing, and to do the right thing, in the right place, at the right time, and with the right intention. In this way we can enhance the places and the whole landscape temple, enthusing it with love and thereby helping to transform the planetary energies into ethereal 'light'. In such ways we help to build the 'light body' of the planet, which in turn affects consciousness everywhere in beneficial ways.

In addition, by pilgrimaging in this way within the Bull of Europe, we can help Europe to metaphorically breathe its physical breath in conjunction with its spiritual breath (inspiration). Taurus, the Bull, is associated with the throat chakra; Europa is associated with the alta-major chakra. The former is represented by mainland Europe, the latter by the British Isles. The former is the gateway for the physical breath, the latter for the spiritual breath. The two breaths, breathing in harmony, are what the world needs, and what each pilgrim can perform as an act of loving service.

Itinerary Highlights

Tuesday 18th May – arrive at the Hotel Ercilla Lopez de Haro in Bilbao [well situated in the centre of Bilbao], 5 minutes walk across the bridge to the Old Quarter; welcome meeting followed by dinner.

Wednesday 19th May – After a morning meeting and lunch, we will go out into Bilbao visiting some of the main sites. There will be an opportunity in the afternoon to visit the world-famous Guggenheim Museum. The city's Old Quarter and the Museum are both within walking distance of the hotel. Late afternoon, we will visit 'as pilgrims' the cathedral dedicated to St James and make our dedications for the journey. Dinner and overnight at the Hotel Ercilla Lopez de Haro.

Thursday 20th May – After breakfast, we will set off by air-conditioned coach to Burgos, which is an important stopping point on the French/Jacobian camino to Santiago de Compostela. We will visit the vast cathedral and have a lunch of local speciality dishes. In the afternoon we will visit the Templar church in Castrojeriz and travel on to Leon. We will stay at the Plaza Mayor at the NH Collection Hotel Plaza Mayor, which is the main square in the middle of the old town.

Friday 21st May – After Paneurhythmy (for those that want to) and breakfast, we will visit the important sites in Leon, spending time in the cathedral and the Plaza Major, and enjoying a coffee break in one its historic streets. Afterwards we will travel on to Astorga, which is at the north end of the Via de la Plata, which is the camino which brings pilgrims from southern Spain. Here pilgrims meet the French Way and turn westwards to complete their journey. We will have lunch before visiting the cathedral. We will spend time here working on the ‘hidden star’, and stay overnight.

Saturday 22nd May – After Paneurhythmy and breakfast, we will travel to El Cruz e Ferro, which is an ancient mound of stones and rocks brought by pilgrims from their homes to this place. In accordance with tradition, with our backs to the mound, we will throw stones which we will each bring from our homes over our shoulder, symbolically marking this journey away from home to adventure into the world for higher purpose.

We will then move on to Ponferrada, and visit the Basilica dedicated to St Mary and the 12th century Templar Castle. These sites are steeped in learning and, we believe, formed the base for a great mystery school to which early aspirants and later Templar knights were sent to learn and train for a life beyond the mundane. This is the higher crown chakra of the left-hand pillar – the left-hand pillar being associated with Divine Intelligence and understanding. We will spend the remainder of the day here and stay overnight at the Hotel Ponferrada Plaza.

Sunday 23rd May – After Paneurhythmy and breakfast, we will travel on to the Church of Santiago in Villafranca del Bierzo. The north-facing doorway is known as ‘the Gateway to Forgiveness’. A 12th century pope allowed the sick and ailing to be deemed to have completed their pilgrimage here, prior to the climb up the mountains of Galicia. This was allowed in exceptional circumstances and only in a holy year. This is such a year. This is a gateway to the sacred lands of Galicia. Shortly after this stop, we will divert north, away from the French camino, and head for Lugo. We will arrive in time for an attunement together in the cathedral before lunch, and an opportunity to explore this great city, the higher crown chakra of the central pillar. Late afternoon, we will travel on to the Noa Boutique Hotel in Santa Cruz, a modern designer hotel overlooking the bay to A Coruna. We will have drinks on the terrace, dine and spend the night there.

Monday 24th May – After Paneurhythmy and breakfast, we will travel on to A Coruna and visit the lighthouse, built on the island site of the more ancient ‘Tower of Hercules’ and consider the mythical story of St Breogan, which is associated with this place. We will move on to Muxia, further along the coast where we will enjoy local cuisine and after visit the sanctuary associated with St Mary and the fabled magical rocks. We will stay overnight in Cee and prepare for our early start the following day.

Tuesday 25th May – We will wake and leave early so that we can be at the Sun Temple above the sacred promontory at Cape Finisterre in time for sunrise. Here we will be led in sacred ceremony and dance. We will later walk down to the hotel for coffee and croissants, and to the rocks below where pilgrims who had successfully completed their pilgrimage would traditionally burn their pilgrims' clothes, symbolically to help earthbound souls depart. Our final journey will be from here to Santiago de Compostela. We will go to our hotel, Hotel Palacio del Carmen, and then have free time to rest or explore the city before meeting again mid-afternoon, with a guide, to visit the cathedral together. We will return to our hotel and have our last meeting together, during which we will share, remember and give thanks for our journey together. Followed by a celebratory dinner, during which there will be speeches and a loving-cup ceremony.

Monday 20th May – After Paneurhythmy and breakfast, the pilgrimage ends. Some may decide to stay on and go to the midday 'Pilgrims Mass' at the cathedral. Santiago de Compostela airport is a 20-minute taxi-ride from our hotel.
